### WHERE ARE THE GIRLS? USE NEW RESERVOIR

POPULARITY VOTING CONTEST  
HEROINES APPEAR TO HAVE  
PROGRAM OF THEIR OWN.

Where, oh, where are the Popularity Voting Contest girls who were sent to the Coast for a tour with Edythe Crozier Weathered several months ago? When the P. M. S. S. Mongolia left San Francisco, C. Gerald Bockus, business manager of the Evening Bulletin of this city, was not a passenger, although he had intended coming this trip. His family arrived in the Mongolia but Bockus remained behind to hot-heels on the trail of the versatile Weathered and her pretty wards. The conductress of the little party is stated to have cabled not many days ago for six hundred dollars with which to bring home the young ladies, but the money was not formally acknowledged and the first news of the whereabouts of the coupon contingency was that they were en route to Alaska. Bockus told people in Peiso, who came down in the Mongolia, that he was going after them to bring them down. The young ladies were expected back here before now.

It often happens that when a man tries to make an impression he only creates a feeling of disgust.

The women are wearing their new fall skirts so short that we fear the worst when the style is adopted by Mrs. Exaggeration.

"And to think," said seven different young men at a wedding, "that all of that cut glass and silver could have been mine."

Being good looking may help a woman, but goods do not help a man. In fact, it causes people to gey him, and call him "sister."

### CAPTAIN BERGER'S SPECIAL MARCH FOR THE BASEBALL BOYS

The new "Baseball March" which Captain Berger has specially composed and dedicated in honor of Manager Fisher and the players of his All Star team, will be played this afternoon at the league grounds at four o'clock. This new march of Berger's is one of the best that he has ever produced. When the matter of a new march complimentary to the visitors was first suggested to the veteran Captain, by a representative of the Star, he replied that he would do his best to make this new march the best that he has ever done. The cut of the march was made by the "Paradise of the Pacific" which has the copyright. Kappelmeister Berger has composed many new marches but he is satisfied himself that this is one of the best that he has ever composed. It ought to take, as it is very catchy.

When the umpire calls "play ball" at 3 o'clock this afternoon at the League grounds, the biggest crowd that has ever been there will be at hand. Mique Fisher says they are all rid of the moving-bases acquired on board ship, and will be able to see just where the ball is when it comes and goes, while Bill Devereaux says he will have to soon let go some of the advice he thought up on the six-day trip or bust. "Truck" Egan was observed yesterday eyeing the fence with the five-dollar sign on it, and Heitmuller and Dashwood also have gog-goo eyes on the home run prize announcement. "The world has stopped going round," said the Red Dog this morning.
